CHALLENGE:

To purchase a content library that would be updated continuously with new, relevant training materials at a reasonable price, enabling training to move forward more consistently across the firm.

Solution:

SavvySMART Content Library

Results:

Mary Lynn Fritz reports the following:

- “I like the flow of SavvySMART. You can quickly find a topic, go to the specific part of the e-learning that you need, and zero in on what you’re trying to learn.”
- “The quality of the content is good. I also like the practice exercises that you can do after a module to see if you really know what you learned.”
- “I have put together core skills trainings on Word and Excel using SavvySMART for our paralegals and secretaries.”
- “Before an in-class training, I pick specific e-learning modules that participants have to take before they come to my classroom training so that everybody starts with the same base knowledge and we can focus more on what I need to accomplish.”
- “If anybody asks me, I recommend Savvy.”
